

JOHN EMMANUEL M. SELISANA

BS INFORMATION TECHNOLOGY

FRESH GRADUATE

42 Navy Street, Pasong Tamo, Quezon City

09105213207

jmselisana78@gmail.com

OBJECTIVE

Motivated IT graduate with a B.S. in Information Technology, eager to apply academic knowledge and hands-on experience in a dynamic team environment. Adaptable, quick to learn new technologies, and committed to supporting organizational goals through practical IT solutions.

EDUCATION

Bachelor of Science in Information Technology
University of Perpetual Help System - Laguna
2021 - 2025

PERSONAL INFORMATION

- Single
- Born on July 4, 2002
- Born Again Christian

ACADEMIC PROJECTS

Created and Launched a Personal Website

- Made a personal website to show my school projects, skills, and achievements. I used HTML, CSS, and JavaScript to build it. The website includes my resume, a project gallery, and a contact form. I focused on making it easy to use and nice to look at.

Designed a Queuing System for the Registrar's Office – University of Perpetual Help System Laguna

- Worked on a website system to help manage student lines at the registrar's office. The system gives queue numbers, shows real-time updates, and helps staff manage student requests. It helped reduce waiting time and made the service faster and more organized.

Built a Basic E-commerce Website

- Created a simple online store for a school project. It had product listings, a shopping cart, and a basic checkout page. I used HTML, CSS, JavaScript, and Bootstrap. This project showed my basic skills in web design and how users interact with websites.

Made a Network Scanner Tool

- Created a tool that checks all devices connected to a network. It shows important details like IP addresses, hostnames, and open ports. This helped me understand how networks work and how to gather information from them.

WORK EXPERIENCE

Purchasing Staff, XDE Logistics

1208 Acacia Ave, Muntinlupa City, Metro Manila

- Responsible for handling procurement tasks, coordinating with suppliers, and ensuring timely delivery of goods and materials to support logistics operations.

August 2024 to
January 2025

CCS Technical Support, 2025 National Elections (Commission on Elections) – Under MIRU Systems

Assigned at Calamba City

- Provided technical support for the Consolidation and Canvassing System (CCS), ensuring accurate and secure transmission of election results.

May 12, 2025
Election Day

SKILLS

- Speaks Filipino and English
- Proficient in programming languages such as CSS, JAVASCRIPT, and HTML
- Ability to work in a team environment and collaborate effectively
